ABOUT US

Welcome to Nishan Multitrade Pvt Ltd, your first choice supplier for PVC and CPVC raw materials in India. Established in 1991, we have grown into a transnational enterprise, specializing in both imports and exports, and proudly serving over 1000 satisfied customers. Our commitment resides in fulfilling the diverse needs of PVC processing units, offering them a wide range of products and expert guidance to select the best-suited materials for their specific requirements.

Today, Nishan Multitrade stands as a dynamic and customer-centric organization, continually enhancing the quality of our services. Our vision is clear: to lead the industry as the foremost provider of high-quality PVC and CPVC raw materials. We strive to deliver exceptional value to our clients and drive innovation in the market.

Our goal is to cater to every requirement of PVC processing units, leveraging our vast techno-commercial experience to provide fast and consistent service. Trust Nishan Multitrade to be your partner in excellence.
